

FAQs – Sports Vouchers Expansion

How will the 2 x \$100 vouchers work?

Parents will be able to use the 2 x \$100 vouchers with the same provider however, for a provider to submit this through to us for processing, it will need to be done as 2 separate claim files (eg: if a child wishes to use 2 x \$100 vouchers with the same provider, the provider will upload 2 x claim files with the same child's data).

The existing rules will remain where if a voucher is used for less than \$100, the remaining balance will be forfeited (e.g: if activity costs/voucher claimed is \$70 the \$30 balance is forfeited) however the child will still have access to the other \$100 voucher for the year.

How can I check if my child has used a voucher/s in 2025?

Enter the child's Medicare number in the 'Check if voucher been used' search on the Sports Vouchers website. This will let you know if you have used 1 x voucher or 2 x vouchers (therefore no longer valid) for the calendar year.
